

Release of GBMC's Fifth (e)Book: 'Mastering Japan Business'

A reference Book for non-Japanese executives about 'How to do business in Japan'!

September 23, 2017 (FPRC) -- Mastering Japan Business is a reference Book for non-Japanese executives about 'How to do business in Japan'!

This book, by Philippe Huysveld of GBMC, is targeted at business executives of companies:

- * approaching the Japanese Market,
- * reviewing their options in terms of Japan Entry Strategy,
- * already exporting to Japan (Indirect Sales) or,
- * already established and doing business in Japan (Direct Sales).

Here, I do not focus on the cross-cultural side of things (please check my other books for that) but I rather cover in details the business side of things in Japan.

First, I give the reader some insight into selected markets in Japan, as well B2C as B2B.

Second, I show how to adapt to the local specificities, Industry by Industry, and I give some tips and guidelines for building a successful (B2C and B2B) Marketing Mix in Japan.

Third, I introduce and analyse the various Entry Strategies available to foreign companies keen on developing their business in Japan.
