

Mentalizer Education Launches New Website to Educate Fans

Mentalizer Education has just introduced a new website that will be used to educate its fans

October 5, 2017 (FPRC) -- Mentalizer Education today launched a brand new website, mentalizer.org, that will be used to provide important information to the organization's fans around the world. Mentalizer Education is a top educational firm that operates online and is managed by world-renown mentalist Ehud Segev. Over the last few months, the organization has introduced a number of initiatives as it seeks to better inform its audiences. Hannah Tiram, the brand spokesperson at the Mentalizer Education, has said that the new website is now live.

Mentalizer Education is headquartered in New York City. The organization is behind at least three bestselling books, all of which have been authored by Ehud Segev. 'Secrets of the Voice' and '9 Steps to Influence' are among the two top books that the firm has released over the last few years. Secrets of the Voice focuses on the power of the voice and how it can be used as a fundamental tool to exert influence. On the other hand, 9 Steps to Influence is a useful book that highlights the fundamentals of mentalism to beginners. The book uses simple language to illustrate how everyday people can use aspects of mentalism to enrich their lives.

Ehud Segev, the man behind Mentalizer Education, is one of the most reputable mentalists around the world. Mr. Segev was born in the Israeli city of Safed back in 1979. Growing up, Ehud Segev spent a lot of time at the local library, reading books on mind reading, body language, mysticism, and other cryptic subjects. By the time he was a teenager, Mr. Segev was already a sensation in Israel. At one time, he predicted the correct winner in a mayor's election by just studying the face photos of the 12 contestants. Ehud Segev has since then traveled the world and entertained special guests on almost every major city. Ehud was at one time awarded the EB1 Classification by the U.S. Department of Homeland Security for his work entertaining American service members in faraway bases. He has also been featured on major international TV shows. Ehud was one of the participants on NBC's hit show, phenomenon.

The new website, Mentalizer.org, will focus on Ehud's performances and events around the world, and publish rich information on how people can benefit from mentalism. The website will be focused on educating individuals who have an interest in the field of mentalism, but will also try to link event organizers and individual planners to Mr. Segev.
