The new DVD, titled ‘How to become a mentalist’ offers an immense wealth of knowledge on the art and craft of mentalism. The DVD illustrates how anyone can use everyday objects to practice mentalism. It also highlights a number of interactive mechanism effects that anyone can perform over TV, or demonstrate to their friends and family. The company has said that this is an instrumental guide for its fans who might be interested in grasping mentalism.

Mentalizer.com, also known as Mentalizer Education, is a top educational institute that publishes materials on body language, mind reading, mysticism, and other topics related to mentalism. Through their website, Mentalizer.com seeks to introduce its fans to mentalism. The firm has also published hundreds of articles on how people can exploit aspects of mentalism to enrich their lives. The move to launch an online shop where the company will be selling important books marks its commitment to enrich its followers.

Mentalizer.com is owned by Ehud Segev, one of the world’s top mentalists. Born and bred in Israeli, Ehud has worked his way to be one of the most influential figures in the field of mentalism. Ehud’s interest in mentalism started at a young age. When he was just a little boy growing up in Upper Galilee, Ehud spent a lot of his time at the local library, reading books on body language, mind-reading, mysticism, and other cryptic subjects. At one time, the local librarian was so alarmed that he required him to carry a written permission from his mother. By the time he was a teenager, Ehud was already a national sensation. Since then, he has traveled the world and entertained guests on almost every major city in the world.

Ehud Segev was at one time awarded the EB-1 classification by the U.S Department of Homeland Security for his work entertaining American service members in far-away basis. This is a prestigious award that’s only given to people who have managed to be outstanding in their fields. Recognized as one of the most authoritative voices in the field of unique entertainment, Ehud also educates corporate employees on important work skills such as body language and effective communication.

Hannah Tiram, a brand spokeswoman at Mentalizer.com, has said that Ehud’s fans can now obtain the new DVD online at [mentalizer.com/shop](http://www.mentalizer.com/shop).
