January 10, 2018 (FPRC) -- NY Face Place Expands Its Facial Cosmetic Surgery and Medi-Spa Treatments with Laser Hair Removal Services

MINEOLA, NY – NY Face Place, Long Island's leading facial cosmetic surgery practice and medi-spa, announced today that they have added laser hair removal to their ever-expanding list of patient treatments and services. This service has been added to meet the needs of clients who have unwanted hair they wish to remove permanently.

### **Benefits of Laser Hair Removal**

Treatments such as waxing, electrolysis, and razors are painful ways to remove hair. Laser hair removal offers a safe and effective way to reduce unwanted hair permanently without the pain. This is a quick and easy treatment that offers long-term results to patients.

### **New Laser Hair Removal Technology**

NY Face Place is proud to be using technology that represents the gold standard in the field of laser hair removal. This makes the process comfortable and painless. It is a fast way to remove hair and provides proven results. Regardless of a person's skin tone, this form of laser hair removal is both safe and effective. It can be used everywhere on the body, including the face. Men and women are welcome to take advantage of this new service offered at NY Face Place.

### **Affordable Laser Hair Removal**

NY Face Place has added laser hair removal to their treatment bundling packages to create affordable services for our clients. They also offer gift certificates, so a person can provide friends and family members with top-quality medi-spa treatments as a gift.
