April 7, 2018 (FPRC) -- Electric City Ltd. has recently announced that they will be offering successive 10% off to their new customers for any desired services. As the company is celebrating its immense success run at the business market and is on a continuous path of achieving tremendous landmarks in the field of top quality electrical services.

As the name says it all, Electric City Ltd. is one of the premiere electrical services company headquartered in Auckland, who comprises with diverse range of services and operations for all your meticulous electrical needs. Widely named as Masters Electricians Auckland, the company has vast experience in providing quality services of new systems fittings, maintenance of electrical systems for home and business based both and taking care of all the repairs in it. As the company is adjoined with trained and Registered Master Electricians in its qualitative staff, so they know how to provide masterpiece electrical solutions to the wide market of Auckland and beyond it.

The most stunning part of the company's stagnant services include its exclusive and fast availability throughout Auckland, which makes it one of the most prolific and highly trusted electrical companies in the city who is always there round the clock readied with its professional staff of Registered Master Electricians. They work on all sizes of job, from commercial to general and from home to organizational structured, the company's highly trained electricians take care of all the operations required to give your house or business a stagnant lightening edge among the others. Because the company knows that building trust with the customers automatically generates leads for the organization. Hence their main goal is to provide their customers qualitative and professional electrical services with which they can make long lasting relations with their personified clients.

While the very affordable and cost-effective pricing of the company is another elusive trait which makes the company highly prolific among the others in the market. As the pricing of the company in all its proposed services is very minimal and the quality of these are obviously top of the mark, that is why the company has made a very unique and prolific name for itself as Masters Electricians Auckland in the industry and is surely on a continuous regular path of achieving seamless success in the market.

So based on all these successful accomplishments, the company has just announced that it will be offering exclusive 10% off to its new customers, as a part of their promotional strategy as well as to take the company further forward for getting landmark success in the market. While the company also aims to spread further throughout the whole New Zealand in near future, as to gain fine competitive edge among its rivals in the industry and to make the organization's name known prolifically throughout the whole country.

Electric City Ltd. is a professional electrical services company headquartered in Auckland, New Zealand, specializes in providing quality electrical installation and maintenance services to its wide valued clients.
