

## **Hunt's Services to Offer Discounts on Furnace, Heat Pump, and Air Conditioner Installations and Services**

*Hunt's Services, a leading HVAC, plumbing, and electrical company in Western Washington, plans to offer significant discounts on its heating services, air conditioner, furnace and heat pump installations, and furnace replacements in the coming weeks. Discounts of \$50 off any heating or HVAC repair service and up to \$250 off of furnace, heat pump or air conditioning installations.*

February 25, 2019 (FPRC) -- Tacoma, Washington – Hunt's Services, a leading HVAC, plumbing, and electrical company in Western Washington, plans to offer significant discounts on its heating services, air conditioner, furnace and heat pump installations, and furnace replacements in the coming weeks.

These discounts will provide consumers with the opportunity to save money on a variety of essential products and services for inside the home. The hope is that by presenting money-saving opportunities now, Hunt's Services can have its customers ready for both summer and next winter well ahead of time.

The first deal that Hunt's Services is offering is a \$50 discount on all furnace and HVAC services. This offer makes the present a great time to go ahead with any maintenance or repairs that are necessary for these systems.

In addition, the company will provide \$200 off air conditioning installations, affording excellent value in the months leading up to summer. Those who find their homes too hot in the warmer months and want to install a cooling unit are encouraged to take advantage of this limited time offer.

Customers considering having a heat pump installed can save \$250 through this promotion, and since heat pumps are incredibly energy efficient, having one put in the home can save even more money in the coming years. Heat pumps use electricity, rather than gas, making them less expensive to run.

Finally, those whose furnaces are on their last legs won't have to worry about next year if they inquire about Hunt's Services' \$125 off deal on any furnace replacement. Any homeowner who will need a new furnace before next winter should examine the deal because savings like this don't come along every year.

These discounts won't last forever, so customers in Hunt's Services' local area are urged to take advantage of them before they expire. The company's service area includes Seattle, Tacoma, Auburn, and Federal Way, with availability in locations throughout Pierce County and King County.

Conditions do apply, and the deals do not have any cash value. For more information and a complete list of provisions, call Hunt's Services at 253-533-7500.
