

Bid and Tender Support Team Complete Charity Walk-A-Thon

Professional Bid Writing Company Raise Over £500 for Guide Dogs for the Blind

August 5, 2019 (FPRC) -- Bid and Tender Support have been walking their socks off. The team completed a joint total of 598,039 steps in a charity walking challenge, raising an impressive £510 in the process.

The total number of steps was achieved between the dates of the 16th and the 23rd of May, and was all for a good cause; the walk-a-thon raised money to support the work of UK charity Guide Dogs for the Blind.

The team worked hard to achieve the highest step count possible — whatever the weather. But the top spot for the most walking during the dates went to team member, Lesley. She completed a staggering 141,258 steps. Her Chocolate Labrador, Ralf, was also by her side. He loved the long walks but was reportedly glad when the challenge was over!

The company would especially like to thank all their supporters during the challenge. Backers of the event ranged widely, from corporate support, individual sponsorship, to just supporting in spirit. Every good wish and contribution was very gratefully received by the team.

The team's chosen charity, Guide Dogs for the Blind, carry out important work which includes training dogs for highly skilled roles as a guide dog, research into supporting the dogs and their carers, and of course, pairing the guide dogs with suitable companions and those in need.

Guide dogs are often a vital lifeline for those with visual impairments, enabling them to live life to the full. Donations like those made by the Bid and Tender Support Walk-a-thon help Guide Dogs for the Blind to continue their great work.

About Bid and Tender Support: Bid and Tender Support provide organisations and businesses with affordable, expert solutions to win more work across a range of industries. Their bespoke services are provided by in-house experts with a breadth of experience, and help guide clients through all stages of securing funding, contracts, and framework places.

Whether an additional resource is required during a busy time, or consultation is required over a more long-term period, Bid and Tender Support can help. Services provided can include a search service, strategy and training, a full review service, and the all-important bid writing.

Bid and Tender Support have an impressive 85% win rate, and have secured over £1bn in additional revenue for their clients over the last 10 years. If you'd like to visit the business in person, they can be found at: Bid and Tender Support, Office 8, Olney House, High Street, Olney, Buckinghamshire, MK46 4EB
