

ACE Healthy Products, LLC, of Dayton announces deal with Cardinal Health for distribution of eco-friendly bed bug barrier / eliminator

Dayton Veteran / Minority-owned bedbug inventor/supplier, ACE Healthy Products, LLC, lands national distribution deal with Cardinal Health, Inc.

August 15, 2019 (FPRC) --ACE Healthy Products, LLC, (Ohio Sec. of State Entity #3962897) has announced Cardinal Health, Inc. (NYSE: CAH) will distribute its one-of-a-kind, Eco-friendly Eagle Watch™ BED BUG Barrier & Eliminator. After a 2-year vetting process, the company secured the distribution in May of 2019 and was featured at Cardinal Health's annual product tradeshow this July in Nashville, Tennessee. The product will be available to more than 105,000 affiliates and partners in the Cardinal Health system in the United States, the U.S. Virgin Islands, Puerto Rico, and Guam.

About ACE Healthy Products, LLC. — Anthony Watson is ACE Healthy Products, LLC, founder, CEO and inventor of the Eagle Watch™ BED BUG Barrier & Eliminator formula. He is a veteran of the United States Air Force and after years of serving as a registered nurse and medical technician, requiring he go in and out of bases and other areas infested with bed bugs, he knew he had to do something to protect himself. In 2016, he did just that and developed, after much research and testing, Eagle Watch™ BED BUG Barrier & Eliminator.

“Our product was rigorously vetted and tested by Cardinal Health to ensure EPA compliance, effectiveness, FDA standards, pricing and quality,” he said. “It is unfair to have a calling to provide a selfless duty such as a nurse, or home care worker, but then to be forced into areas infested with bed bugs, without a real way of protecting ourselves.”

“Most commercial bed bug products are used in a reactionary state of elimination,” Watson said. “We are not exterminators. We needed to be proactive with a product that prevents the infestation from spreading in the first place.”

The company is a Veteran and Minority-Owned Business.
