

New website launched for Apartment Sales and Rentals in Redcliffe Qld

Exclusive website for the clients of Waterfront Properties Redcliffe, designed to increase the number of apartment sales in Redcliffe

August 19, 2019 (FPRC) -- Redcliffe QLD, Waterfront Properties Redcliffe, a leading real estate firm on the Redcliffe peninsula, announce the launching of a new website exclusively for "Apartments" on the Redcliffe peninsula. The new website can be located at ApartmentsRedcliffe.com.au and will be launched today.

"We've been fortunate to have been selling properties for many years for the Redcliffe public," says Waterfront Properties Redcliffe CEO Kevin Bostock. "However, it's clear that the market is changing as more and more people are wanting to live in apartments. We are speaking daily with baby boomers looking to downsize and move to a lower maintenance property. So we set out to accomplish a website where Redcliffe apartments can be shown exclusively to potential purchasers and renters ."

"It is always very exciting to launch a new website. Waterfront Properties Redcliffe definitely takes great pride in our online presence, and the way we focus on marketing all properties and providing a fast and seamless user experience on any device," said Kevin Bostock, CEO of Waterfront Properties Redcliffe. "Simply go to ApartmentsRedcliffe.com.au and see for yourself," Bostock added.

The launch is part of a dynamic strategy to provide Waterfront Properties Redcliffe and their clients an exclusive portal to display their apartment properties to an audience of potential purchasers and investors, within Queensland, Australia and the rest of the world. This website is exclusive and only available to showcase properties of the clients of Waterfront Properties Redcliffe, and provides a significant advantage for apartment owners looking to sell their property on the Redcliffe Peninsula.

The entire Waterfront Properties Redcliffe team of Apartment specialist real estate agents are available to guide you through the process of achieving the maximum price on your property.
